To: Parents and Students

### **Notification of Asbestos in the School**

The Environment Protection Agency's Asbestos Containing Materials in Schools, Final Rule and Notices, 40 CFR 763 requires that all public-school building be inspected and re-inspected for the presence of asbestos every three years after a management plan is in effect. This same statute also requires initial and annual notification of the availability of a management plan that outlines the steps to be taken to eliminate the hazard. We are very willing to comply with this statute because of our great concern for the well-being of our students and our staff.

We have received a management plan pinpointing asbestos in the school. The Plan is available for public review in the Office.

Sincerely,

A handwritten signature in black ink, appearing to read 'Andrew Haimowitz', is written over a small black dot.

Andrew Haimowitz  
Principal
